# Make a Mobile

To make your mobile you will need: Thread or thin string. Two long lolly pop sticks. Sticky tape, glue and scissors.

## Step one

Cut out the pictures on the mobile activity sheet and fold in half along the dotted line in the middle. Cut out the hole along the fold in the paper.

## Step two

Cut 4 pieces of thread to approximately 10cm long. Cut one piece of thread to approximately 30 cm long. Cut one piece of thread to approximately 40 cm long.

## Step four

Tie each of the four small threads to the ends of each of the long lolly-pop sticks.

## Step five

Run the 30cm thread through the middle of one of the large mobile pieces and tape it down. Glue the two sides of the paper pieces together using glue.

## Step six

Run the 40cm thread through the middle of the other large mobile piece and tape it down. Glue the two sides of the paper pieces together using glue.

## Step seven

Tie each of the two longer threads to the middle of each long lolly-pop stick.

## Step eight

Sticky tape the two long lolly-pop sticks together to create a cross bar. Find a suitable location to hang your How to Catch a Star mobile!
